

Small Business Lending Process

1 INQUIRY

Borrower contacts BDF and is connected to a loan specialist. The specialist reviews the requirements with you and refers you to other assistance as needed to be ready to apply for a loan.

2 APPLICATION

When you are ready to apply, we send you a link to the online application and work with you to get everything uploaded and entered correctly.

3 UNDERWRITING

Once the application is complete, we forward it to our underwriter who may ask for more documentation. If they do, we will work with you to address the request and discuss the terms of the loan.

4 APPROVAL

If recommended for approval by the underwriter, we present your application to the BDF Board. The BDF Board meets monthly, so there can be a delay between recommendation and committee approval.

5 CLOSING

Once approved, we will prepare the loan, review it with you, and answer questions. Next, we will meet to have you sign all the documents and start planning any technical assistance, if that is a requirement of the loan.

6 FUNDING / FOLLOW-UP

We may distribute the funds directly to you or to the vendor who is providing you the items or services. Once you receive the loan, we will reach out regularly to see how you're doing and see if you have any technical or financial needs.
